EXPERIENCE

Pratinik InfoTech

Jan. 2026 – march 2026

Java Intern

- Developed and maintained Java-based applications using Core Java and Object-Oriented Programming (OOP) principles.
- Assisted in designing and implementing backend modules using Java and JDBC.
- Worked with MySQL database for data storage, retrieval, and query optimization.
- Developing an online banking system using Java and MySQL to manage banking.

PROJECTS

Fit Route – AI-Powered Gym Aggregator Platform | Supabase, Express.js, React.js, Node.js

- Developed a full-stack gym aggregation platform that enables users to discover gyms, compare membership plans, and connect with fitness centers through a centralized interface.
- Built gym management features for gym owners, including profile creation, membership plan management, image uploads, and dashboard analytics etc.
- Integrated AI-powered fitness assistance and gym image verification, providing personalized workout guidance while maintaining platform content quality and user engagement.

Hotel management system | Java, MySQL

- Developed an individual project using Java and MySQL during a 6-week training program.
- Improved admin workflow by automating room/employee modules; built check-in/out system reducing manual effort by ~50%

Simon Says game | JavaScript

- Designed an interactive memory-based gameplay system featuring dynamic color patterns and sound feedback
- Added responsive design elements to ensure smooth gameplay across devices, and created engaging user feedback mechanisms

EDUCATION

- Global Group of Institutes

Aug 2023 – June 2027

Bachelor of Technology in Computer Science and Engineering

- Holy Heart Presidency School | Amritsar, Punjab, India

May 2021 – May 2023

Higher Secondary Education | 92%

- Holy Heart Presidency School | Amritsar, Punjab, India

May 2021

Secondary Education | 92.8%

SKILLS

Languages: Java, JavaScript, HTML, CSS

Frameworks/Tools: Node, Express, Bootstrap, React

Databases: MySQL, MongoDB

Core Skills: Data Structures, OOPS, Front-End Development, Database management, JDBC, MS office

Others: Management, Effective communication, leadership

CERTIFICATION AND TRAINING

- 6-Week training in Core Java | Ansh Infotech, Ludhiana
Built Java-based modules during 6-week training using OOPs, JDBC & MySQL
- Certified Java Developer | Ansh Infotech, Ludhiana
- Certified Java Developer | Skill India, Government of India
